1. Must directly relate to the FC theme (same as criterion #1 ←); but,
2. Does not meet all the other criteria (#2, #3, and #4 ←) for a primary association.

Possible Examples of Relatedness:

- FC thematic single investigator proposals.

- Multi-UM/UMMC PI, multi-UM/UMMC discipline proposals primarily associated with another FC.
- Proposals that rely on other institutions to achieve multidisciplinary collaborations.*

*Note: This Flowchart is intended as a *guide* to help pre-award specialists prompt, PIs mark, and constellation leaders confirm a proposal's primary association with, or relation to, a constellation. Every proposal is unique, and the ultimate judgment about a proposal's constellation status should be made by constellation leader(s), in consultation with the PI and ORSP, as needed.
