

Use of Expired Medical Materials or Devices

Summary/Purpose: Use of expired medical materials or devices in regard to animals in IACUC protocols is not permitted.

Use of expired medical materials or devices in regard to animals in IACUC protocols is not permitted.

If the PI possesses expired medical materials and/or devices, the PI must identify a segregated space where they will be kept (e.g., a closet, a cabinet, a shelf). The segregated area must be clearly labeled as “Expired Medical Materials.”
